

Press Release

February 26, 2015

4:30 PM

The Middletown Water Department has successfully isolated a water main break on Aspen Street, between the cross roads of Congdon Street and Tupelo Road.

The outage is not wide spread and will affect less than a dozen residences.

The Water Department apologies for the inconvenience and loss of service, and will continue through the evening and night to fully restore service.

Additional information will be made available as conditions warrant.
